Visa Europe Account Information Security (AIS)

List of PCI DSS validated Member Agents

Effective 1st November 2013

The companies listed below successfully completed an assessment based on the Payment Card Industry Data Security Standard (PCI DSS) and provide services to Visa Euope Members. [1]

The validation date is when the service provider was last validated. PCI DSS assessments are valid for one year, with the next annual report due one year from the validation date. Reports that are 1 to 60 days late are noted in orange, and reports that are 61 to 90 days late are noted in red. Entities with reports over 90 days past due are removed from the list.

Due to the introduction of the Visa Europe Merchant Agent Listing, notification was sent out to all Merchant Agents that appeared on this listing. They were given 90 days from 1st February to make the transition across to the Merchant Agent listing (http://www.visamerchantagentslist.com/) and were listed in blue during this period. As of the 1st May these Agents have been removed.

It is the member's responsibility to use compliant service providers and to follow up with service providers if there are any questions about their validation status.

Service provider	Services covered by review	Validation date [2]	Assessor	Website
1&1 Internet AG	Internet / MOTO Payment processing Payment gateway Merchant services	May 2013	SRC Security Research & Consulting GmbH	https://ipayment.de
24/7 Customer Private	Enabling MOTO Payment processing	December 2012	M. Kuppuswamy PSG & Co	www.247customer.com
2CHECKOUT	Internet Payment processing Clearing & settlement	January 2013	Protiviti Inc.	www.2checkout.com
a1m GmbH	Payment gateway	December 2012	USD AG	www.a1m.biz
Abtran	MOTO Payment Processing Hosting - Web & hardware	October 2012	Rits Information Security	www.abtran.com
Accelya UK	Clearing and Settlement Billing Management	January 2013	Trustwave	www.accelya.com

[1] A PCI DSS assessment only represents a 'snapshot' of the security in place at the time of the review, and does not guarantee that those security controls remain in place after the review is complete. These reviews do not cover proprietary software solutions that may be used or sold by these service providers.

Inclusion on this list indicates that the service provider successfully completed a PCI DSS assessment following requirements prescribed for their level, based on the report of an independent Qualified Security Assessor (QSA). Visa Europe does not endorse the service providers or their business processes or practices.

Visa Europe has no duty to members, merchants, processors or other third parties to obtain or review reports from any party required to submit a report, and Visa Europe is not responsible to any party for the timeliness, accuracy or completeness of any report. Visa Europe reserves the right to remove a service provider from this list should there be any questions relating to their PCI DSS compliance. Appearance on this list does not imply that a service provider is fully compliant and removal from this list does not imply that a service provider is not compliant or been compromised.

[2] The service provider may have validated PCI DSS compliance in the year prior to the validation date stated.
